## INSTRUCTION PERMITS

It is recommended to try to get the permit online. There are a few student's that are required to make an appointment to go in and can take some time to get one.

Once you complete the process below, you will be able to log back into the account you created on License Express and pay for the permit and print out a temporary instruction permit (*valid for 45 days until the hardcopy comes in the mail.*)

### FIRST STEP: REQUIRED BEFORE STUDENT CAN GET A PERMIT:

Create a License Express account on the DOL's website by visiting [www.dol.wa.gov](http://www.dol.wa.gov). Direct link: [License Express](#). Once completing this process, it will provide you with the student's DLN (*Driver License Number*).

**NEXT STEP:** Central Washington Driving School must receive the student's DLN number from you so our staff can enter a waiver into the DOL system for the student. (*Waiver is verification that the student is enrolled in a driver education program.*)

You can submit it by clicking here: [SUBMIT DLN](#) or email the student's DLN to us at [eburg@cwdrivingschool.com](mailto:eburg@cwdrivingschool.com)

#### A helpful tip from other parents:

When applying for the DLN (*Driver License Number*), if the system is giving you a "your information does not match our records" or something along those lines, check the box that says "I don't have a social security number."

## INTERMEDIATE LICENSE REQUIREMENTS

The state requires 50 hours of supervised driving practice, *(10 hours must be at night)* with a parent/ guardian, employer or a driver with at least 5 years of licensed driving before they are eligible to get their Intermediate License.

**The complete information on IDL Laws can be found on the last page of the CWDS Course Contract, [www.dol.wa.gov](http://www.dol.wa.gov) or in the driver guide.**

Here are some options to keep track of drive time requirements for the Intermediate License Law requirements:

1. If you go into the DOL office, they should provide you with a parent/ teen guide that has log pages in them.
2. Phone App: [Road Ready](#). Great way to keep track of required hours.
3. The Parent/ Student Handbook. Available at [www.dol.wa.gov](http://www.dol.wa.gov) or there is a direct link from [www.drivecwds.com](http://www.drivecwds.com).
4. Keep a small notebook in the car you will be driving to log drive time.

The DOL has not asked to see these logs when applying for the license, but the parent/guardian will have to sign an affidavit stating that the student did get the 50 hours.

## **STATE TESTING:** *(These are the DOL tests - These are not done as a part of the Driver Education Class)*

**The course and the DOL testing scores are entered directly into the DOL's system.**

- Student's may start testing as soon as they are completely done with driver education. The classroom and final drive test for the driver education is to pass the course.

- Classroom final over the notes and assignments during our course.
- There is also a Knowledge & Drive exam for the state required to qualify for the driver license.
- The State Knowledge Exam is over the Washington Driver Guide.
- Once the student completes the testing, they just need to wait until they are eligible for their license.
- All information about what to expect for state testing can be found on their website. This is a direct link to [DOL testing information](#).
